I am very pleased to confirm the measures we have in place to prevent the spread of Covid-19 are very effective. We have had no confirmed cases of Covid-19 in our school during this half term.

I am however very much aware of the rise in cases across London and in the local community. Whilst there are no plans for another lockdown or circuit break we do not know what will happen in the future. We have been writing our remote learning policy to ensure that there is continuity in your child's education if they are off school because of Covid-19.

To help the children become familiar with working online home learning is now set on Google classroom. This supports children to use the online platform to submit work. If we need to implement our remote learning policy all work will be set on Google classroom.

I am very disappointed by the number of children not currently completing their home learning. Parents and carers please can you monitor what your children are doing online and make sure they submit their homework every week.

Home Learning is set on a Friday and must be completed and submitted by the following Tuesday.

If you would like to find out more about Google classroom, please complete the online google form:

Please see training dates and book early as spaces are limited!

The majority of Year 6 parents and carers have now applied for high schools. Please remember the deadline for applications is 31st October.

We are no longer sending paper slips when your child receives first aid.

- A text will be sent if your child receives first aid. Staff will monitor your child and if there is any change you will be contacted immediately.
- Parents & Carers will be contacted by phone if your child bumps their head or has a significant injury that may require further medical treatment. If we are unable to contact you by phone we will send a text.
- Parents & Carers will be contacted immediately if there is an emergency situation.

Please ensure we have up to date contact details for you.

If you or your child need a Covid 19 test, please call 020 8937 4440. The test centre is based at Harlesden Town Gardens, Challenge Close. NW10 4BF
