

Remote Learning Information to Parents

During the closure of your child's bubble, their learning will continue via our online platform, Google Classroom. Please see below for details of how learning will take place during this period of closure.

Learning on Google Classrooms

- All children have been given their own login to Google Classroom. This was sent in the form of a QR code in September. They will need to use this login to access the work that has been set for them.
- If you no longer have their login, please email the class teacher on blue@brentfield.brent.sch.uk or sapphire@brentfield.brent.sch.uk.
- It is expected that **ALL** children will complete their learning on Google Classroom each day.
- Your child will see daily messages from the classteacher, work set for each lesson and acknowledgement and feedback on their work.
- Feedback will be given on all work submitted.
- There will also be opportunities for your child to engage with the teacher through live and recorded lessons.
- A timetable will be sent telling you when these live lessons will take place and recorded lessons will be uploaded to the classroom.

Home/School Partnership

- The structure of the remote learning has been planned so the activities will help motivate your child and ensure that they continue learning the full range of subjects.
- We are committed to maintaining a high level of communication no matter where our children are learning.
- If your child is unable to complete the home learning due to illness, you must inform the school. Where a child has not logged into Google Classroom and completed the daily register Google form and absence has not been reported, normal school absence procedures will apply.

Expectations for Pupils

- **Log on to Google Classroom to access the appropriate remote live or recorded video sessions and set tasks each morning by 9am and submit the Google form to confirm attendance for the day.**
- Watch all of the learning videos/join remote live learning sessions, taking a full and active part in them.
- Complete the learning set by their teacher each day and upload their learning as requested by the teacher –photograph/video/submission of completed tasks on Google Classroom.
- Utilise the links and comments sent by the teachers to complement learning
- Complete all work to the best of their ability maintaining the usual expectations of the school with regards to presentation and effort.
- Use online resources such as TT Rockstars, Education city and any other resources provided by the school.

Expectations for Parents

- Set a clear routine with each child using the timetable and the daily learning set.
- Read all information sent from the school to ensure you are fully aware and up to date with news.
- Support your children to complete of the learning set where possible and assist with technology.
- Ensure courtesy and politeness to any member of staff within any communication.
- Liaise with school staff and seek support on behalf of your child when needed, with class teacher via email (parents should not communicate with staff via their child's Google Classroom account).

Please do not forget to complete the google form by 9am each day. If your child is sick and unable to complete the work for any particular day, you must inform the school office as usual.

Thursday 19th and Friday 20th November 2020

Work will be set on Google Classroom for each of these days. A live lesson will be scheduled for Friday 20th November. A link will be saved on the Google Classroom page.

From Monday 23rd November, the following timetable will be in operation.
