Dear Families of Brentfield,

CHEFS IN SCHOOLS
REVOLUTION IN SCHOOL FOOD

As part of our commitment to improving children's physical and mental wellbeing I am delighted to announce that we will be working with Chefs in Schools to improve our school lunches. Chefs in schools is a registered charity working alongside school kitchen teams to prepare and serve nutritious meals made from scratch. The meals are prepared using fresh seasonal food. I have attached a new menu for you to discuss with your child at home.

We are changing the way you order school lunches

To help us order the correct amount of food for our lunches, we are asking that if you pay for a school lunch you must book and pay for your child's lunch a week in advance. **This has to be done by 9pm on Sunday Evening.** After half term you will not be able to book a lunch for 1 day. Lunches must be booked for the whole week.

Please join us at our coffee morning on Wednesday 2nd February to find out more information and taste the delicious food we are offering for school lunches.

A link to register has been via text, please remember to sign up.

All fun and games? Exploring respect and relationships online – see attached information of promoting kindness online. Please talk with your children about how they can share kindness online.

Number Day 2022

On Friday 4th February 2022, the school will be taking part in Number Day to support the NSPCC. We will be raising money for charities helping to protect and support children and young people. Children can come to school dressed as a number/digit and will enjoy a fun-filled day of maths activities. Send a voluntary donation with your child and help us to reach our target of £100!

We will be participating in Children's Mental Health Week which is taking place on 7-13 February 2022. This year's theme is **Growing Together**. We will be encouraging children (and adults) to consider how they have grown, and how they can help others to grow.
