

Knowledge Organiser

Year 2, Summer: Relationships
PSHE Strand: Health Education
Whole School Topic: Why is the Earth so Angry?

Key Vocabulary

differences	A way in which things or people are not the same
female	The gender that produces eggs
male	The gender that produces sperm
nipples / teats	In females, it is used to feed an infant milk
penis	The male genital organ
vagina	The female genital organ
privates	Parts of the body covered by underwear

What will I know about relationships by the end of this topic?

- How to keep myself safe and the PANTS rule
- I have the right to say “no” to unwanted touch
- The differences between males and females and how this is part of the lifecycle.
- The names of different body parts.

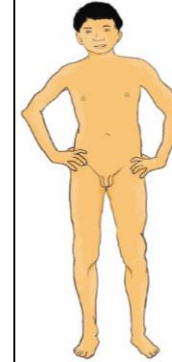

New-born animals feed from the teats on the female

Male and female animals have some body parts that are different.

PRIVATES ARE PRIVATE
ALWAYS REMEMBER YOUR BODY BELONGS TO YOU
NO MEANS NO
TALK ABOUT SECRETS THAT UPSET YOU
SPEAK UP, SOMEONE CAN HELP

Male

Female

Boys and girls have some body parts that are the same and some body parts that are different.

We cannot always tell if someone is a boy or girl by what they wear, like or do.
