 Year 3, Autumn 1: Online Safety
Computing Strand: Digital Literacy

Key Vocabulary

blog	A regularly updated website or web page, typically one run by an individual or small group. It is written in an informal style.
inappropriate	Behaviour or content online that is upsetting, rude, unkind or makes someone feel unsafe or concerned.
reputable source	Reputable sources are known places or sites that have accurate information.
spoof	An imitation of something that appears to look genuine.
verify	When seeking content online, it is important that a user verifies the information.

What will I know by the end of this topic?

- Know what makes a safe password.
- Know how to keep passwords safe.
- Understand how the internet can be used in effective communication.
- Know what a blog is and understand how it can be used to communicate with a wider audience.
- Know that not everything that is found on the internet is the truth.
- Know the meaning of age restriction symbols on digital media and devices.

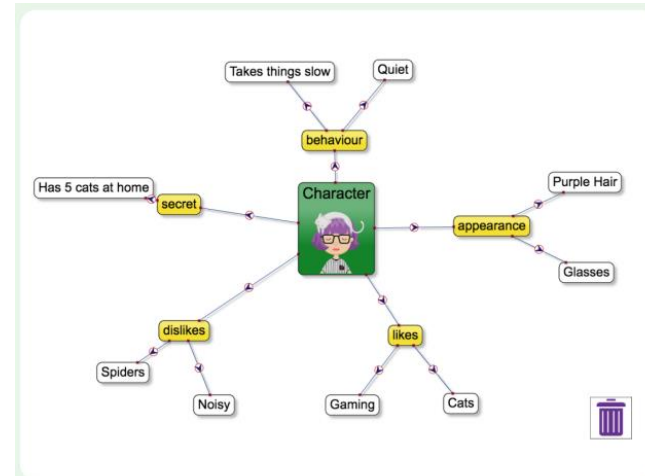

What is a password?

A password is a secret word or phrase that allows a user to access a website. It should not be shared with others.

How do I know if I am old enough to play a computer game?

Computer games, like films, are often not suitable for children. PEGI ratings will show how old a person must be to play a game.

Is everything I read on the internet true?

Just because something is on the internet doesn't mean that it is true. Some people create spoof websites that pretend to be something else such as a bank website or to provide misleading information.
