Scientific Enquiry Approaches that we can use this term:

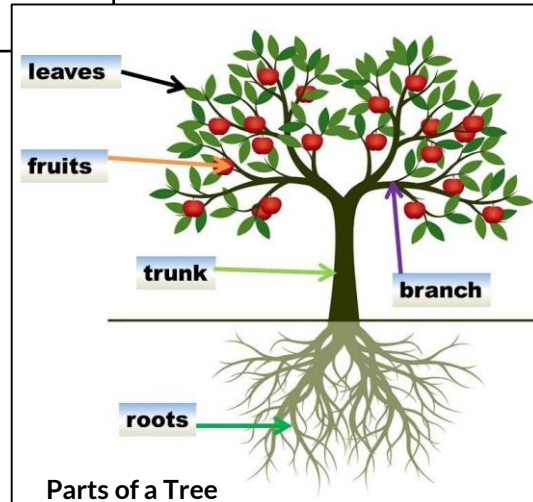

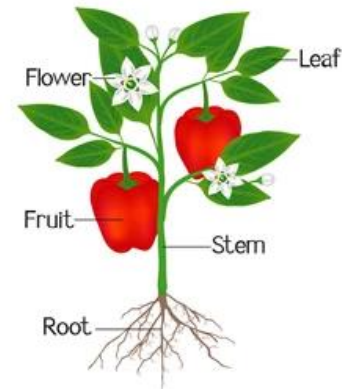

What will I know about plants by the end of this topic?

- There are lots of different plants in the local area.
- Some people may grow plants in their gardens and care for them. I will be able to name some of these plants.
- Some plants are wild and grow by themselves. Wild plants do not need to be cared for. I will be able to name some of these plants.
- Some trees keep their leaves all year while others drop their leaves during autumn and grow them again in spring.
- Name the different parts of plants and trees.
- Name some trees in the local area.

Parts of a Plant

Trees

Wild Plants

dandelion

daisy

buttercup
